TNI Credentials Committee Minutes
Wednesday, September 23

1. **Welcome, Roll Call, and Agenda Review**

   Agenda approved by unanimous consent

2. **Review of August minutes**

   Motion to approve: David
   Second: Melanie
   Vote: Unanimous

2.0 Continue working on KSAs for organics.

The committee started at 5section 3.3.1, FID.

The committee worked through sections 3.3.1, 5.3.3.2 (ECD), and 5.3.3.3 (PID), eliminating the summary at the end of this section. The committee started discussing ELCD but table that until the next call as draft KSAs were not available.

Alfredo pointed out that this document is a study guide. It is not supposed to teach an individual how to perform the technique. It is supposed to prompt the individual into the KSAs needed to successfully complete the test so that if we err on being a little bit less encyclopedic, because the purpose of this is document not to teach analysts how to do anything. This is just a reminder of the things that an analyst should know/

Note: This language, slightly modified, has been added as a Disclaimer to the beginning of the KSA document.

The call ended at 2:00 pm Eastern as no remaining items were on the agenda.
