

**SUMMARY OF THE
TNI CONSENSUS STANDARDS DEVELOPMENT PROGRAM
EXECUTIVE COMMITTEE MEETING
JULY 9, 2026**

The Executive Committee held a conference call on July 9, 2026, at 11:00 AM EST. Chair Paul Junio led the meeting. The committee met utilizing Microsoft Teams. The call was recorded for the purpose of preparation of meeting minutes and will be deleted upon approval of said minutes.

Agenda item 1 - Roll call

Name	Email	Organization	
Aaren Alger	aaren@alger-consulting.com	Alger Consulting and Training, LLC	Absent
Debbie Bond (Vice Chair)	dbond@southernco.com	Alabama Power Company	Present
Robin Cook	cookr@codb.us	City of Daytona Beach	Present
Carol Gebhart	carol.gebhart@alsglobal.com	ALS Group US	Present
Cody Danielson	Cody.Danielson129@gmail.com	Independent/Unaffiliated	Present
Katie Strothman	Katie.strothman@et.eurofinsus.coms	Eurofins	Absent
Kevin Holbrooks	holbke@jea.com	JEA	Present
Paul Junio (Chair)	paul.junio@pacelabs.com	Pace Analytical Services	Present
Robert Hecker	robert.hecker@health.ny.gov	NYSDoH	Present
Teresa Norberg King	norbe010@alumni.umn.edu	Aquatic Ecotox Solutions	Present
Amanda Fehr	amanda.fehr@gel.com	GEL Laboratories	Present
Cathy Westerman	cathy.westerman@dgs.virginia.gov	Virginia DCLS	Absent
Nicole Cairns	nicole.cairns@health.ny.gov	NYSDOH	Present
Ilona Taunton	ilona.taunton@nelac-institute.org	The NELAC Institute	Present
Robert Wyeth	robert.wyeth@nelac-institute.org	The NELAC Institute	Absent

A quorum was present, and the meeting proceeded. Amy Steuerwald, as Vice Chair of the LAB, represented Aaren Alger

Agenda item 2 – Approval of Agenda

The agenda was previously presented by Paul and is provided as Attachment 1. The agenda was approved by unanimous consent.

Agenda item 3 - Review and Approval June 11, 2026 Minutes

A draft of June 11, 2026 minutes was previously provided for review. These minutes were tabled and approval will be sought at the next CSDP EC meeting.

Agenda Item 4 – TNI Volume 1.

Ilona gave a presentation regarding the proposed re-organization of Volume 1. This has been an expansion since the Board meeting of the previous month and the previous discussion at the last CSDP EC meeting. This is also an attempt to “future-proof” Volume 1 by making it easier to add additional Modules if that becomes necessary. There was general agreement with the concept. All agreed that a

single document is still necessary. Ilona has the document as she shared her screen. Cody moved to accept, and Teresa seconded. All were in favor.

Agenda Item 5 - Committee Reports

Accreditation Council - Discussed method codes and strategies for reducing redundancy re: Standard Methods codes. Emphasized importance of reviewing V1M2 and V1M5. Set up a shared space for entering comments from AC folks to help reduce duplications and prepare for a group discussion at our next meeting.

Asbestos – The committee during its previous meeting resolved the language to address the Blank issue. The committee will meet in September to work on resolving the more complicated SRM issues prior to presentation of a new DS.

Proficiency Testing – The EL V4 revised DS and nears preparation for a vote of the committee. The justification document is also in the final stages of completion. Anticipate a vote on EL V3 and V\$ in July and post prior to Houston. September will hopefully initiate a return to review of EL V1M1 and EL V2M2.

Field Activity – FAC is still working through FSMO V2 and is very near completion and could be posted in August after resolving one issue regarding AB Scopes

Quality Management System – The DS for EL V1 M2 has been posted (with Justification document) for public comment. Hope to discuss in Houston for public inputs/comments. To date only 3 comments received and comment period closes on 8/24/2026. Committee has formed a work group to develop a crosswalk with the new DS.

Laboratory Accreditation Body – The committee reported nothing substantive to report but advised that the final review of the LAB DS is scheduled and after development of the summary of changes could be posted in August/September.

Chemistry – The committee continues to address the public comments received. Two meetings are scheduled for Houston. The first session will focus on review of §5.1-5.4, and §6. The second session will address SIR 529 and continue addressing the committee's response to comments.

Microbiology – The committee has posted EL V1M5 with comment closure scheduled for 7/31/202. A total of 12 comments have been received to date and none appear to be persuasive.

Whole Effluent Toxicity – The committee continues to work to resolve a few final issues and fulfill the SOP requirements before posting. The committee anticipates that the final R2C and Revised DS will be posted for public comment prior to the Houston conference.

Radiochemistry – The committee's primary activity has been development of the training materials for the August meeting in Houston and finalizing their PowerPoint presentation for the Houston meeting.

Agenda Item – 6 New/Old Business

Paul advised that no meeting will be held in August as the normally scheduled date and time is during the Houston meeting.

The meeting adjourned at 12:15 PM ET. The next meeting of the CSDP EC is scheduled for 11:00 AM ET on September 9, 2026 utilizing Microsoft Teams.
